

## Product Specifications

### UP Latex Foam Rubber - XX Firm Grade

**Description:** UP foam is a superior grade cushioning material especially formulated from a blend of natural and synthetic latex. This open-cell formulation is designed to resist set and compression loss from normal use and is sufficient strength to permit use in contour designs where tailoring and comfort are desired. It is easy to cut, saw, convolute and slit to desired shapes or thickness. UP is also available with a fabric backing for added strength and easy sewing.
